ÉCOLE SECONDAIRE LACOMBE COMPOSITE HIGH SCHOOL

Wolf Creek Public Schools
Creating Success For All Learners

WOLF CREEK
INTERNATIONAL LEARNING PROGRAM

SCHOOL PROFILE

Location: Lacombe, Alberta

School Grades: 10-12

Student Population: 900

About Us:

École Secondaire Lacombe Composite High School is a Grade 10-12 school of approximately 900 students who are challenged in both academic learning and through a variety of extracurricular opportunities such as sport and clubs. It is through activities and events like these that we encourage students to become involved in global, national and local issues.

Flexible Learning Opportunities & Second Language Courses:

Through the Enhanced Learning Model, while consulting with their teacher, students create a self-paced individual learning profile that outlines their plan for completing the course outcomes. The teacher in this program acts as guide or facilitator in the learning process.

Academics:

At school students have a variety of academic choices – LCHS not only offers the basic core subject areas of Math, Science, English, Social Studies and Physical Education, but students can explore many of the trade areas through such courses as Career & Technology Studies.

Elective and Option Courses (Career & Technology Studies):

Mechanics, Fabrication (Welding), Construction, Cosmetology, Commercial and Domestic Foods, Design Studies, Media Studies, Fashion Studies, Financial Management and Vehicle Ownership. Additionally our Off-Campus Program offers students an opportunity to further their studies by applying to participate in a Registered Apprenticeship Program, a Green Certificate Program, Army Reserve, and/or students can explore different careers through a Work Experience Site Placement Program. Students interested in the Fine Arts can specialize in Art, Drawing, Musical Theater, Drama, Guitar, and Fiber Arts courses. Specialty courses are also offered in Electro-Technology, Sports Performance, Film and Media Art, and a Health & Wellness program that combines physical education, nutrition, mentorship and leadership.
