About the School

VHS is located in Vauxhall, 20 minutes north of Taber. Vauxhall is a community of approximately 1100 people, located close to major centers in Southern Alberta. Vauxhall High School is an academic regional school serving the communities of Vauxhall, Enchant and Hays and provides programming for approximately 245 students in grades 7-12. At Vauxhall High School (VHS) the emphasis is on learning; the expectation is that everyone in the building learns everyday. We believe that learning is an inherently natural activity and that all students are capable of learning. We actively support students with their academic endeavours and strive to ensure success for all.

In September 2006, the Vauxhall Academy of Baseball was launched.

This program has increased our enrolment and given all of our students' access to a sports performance program which includes a Sports Psychologist, Strength and Conditioning Coach, and an Athletic Therapist. Working tirelessly the staff, with the help of our community, parent council, and school board, has brought in a top notch program that has the potential to add so much to our school and community.
