

## **Student Responsible Use of Technology Resources**

### **Guidelines and Procedures**

Golden Hills School Division (GHSD) students will access GHSD Technology Resources to enhance learning. Technology Resources include software, hardware, network, email, Internet, and Artificial Intelligence tools. All users shall adhere to the following expectations of responsible use when accessing GHSD Technology Resources on a GHSD owned or personal electronic device, for educational purposes. Inappropriate use may result in disciplinary action.

### **Student Statement of Responsible, Appropriate, and Safe Use**

All students using GHSD Technology Resources will:

- use them in a safe and respectful manner.
- take full responsibility for their use of them.
- take responsibility for their actions when viewing and posting content online.
- treat others with respect and use appropriate language and images when communicating with others.
- not distribute inappropriate content.
- only use them for educational activities directly related to GHSD.
- keep personal information secure, including age, address and phone number.
- help maintain a safe learning environment by reporting any inappropriate messages, material, security, or network problems to a supervisor.

### **GHSD Technology Responsible Use Acknowledgement**

Students, parents and/or legal guardians jointly accept responsibility for the use of GHSD Technology Resources. GHSD reserves the right to access, monitor, and/or suspend the use of all supplied GHSD Technology Resources and the information stored.

I realize that violation of these expectations may result in temporary or permanent loss of use of GHSD Technology Resources, as well as disciplinary actions.

By adding my child's name below (the student) and signing this document, I acknowledge that I have reviewed and accept the GHSD responsible use of Technology Resources guidelines.

While registered as a student in GHSD, this remains in effect.
