

### **Photo and Video Release & Display of Student Work**

We LOVE to showcase our international student activities, display student work and celebrate what we do and what participants in our International Student Program get to experience. When we are together, we have cameras with us and record and document the moments in photos, video and recordings.

Schools and Programs are required to get written permission from parents/guardians before any of the children's work or photographic images can be displayed outside of school. By signing this document, you (parent or guardian) acknowledge and give permission that your child may be captured in video/ photos/ voice recordings and also give CRPS permission to showcase these outside of school, as explained below.

**Student name:** \_\_\_\_\_

I understand that photographs, video and production(s)/work(s) that include my child, may be shared online on social media platforms, CRPS website and shown at educational displays during open house, in-service sessions and other school related activities at school, school board sites, displays in the community, the internet, or included in educational or promotional materials for CRPS and the International Student Program.

I hereby grant permission to the School Division, on behalf of my child, \_\_\_\_\_ (child's name) to use photographs of my child for current and future CRPS promotional materials.
