

Why Summer Enrichment Program?

- To add to student's educational experience in Canada,
- To learn beyond the classroom for students that are 10-18 years old,
- To allow students to explore Canadian culture in and around Winnipeg,
- To provide an environment in which students can practice English,
- To meet and communicate with Canadian students and certified Canadian teachers.

- To gain enhanced cultural enrichment experiences and language development,
- To take lessons from certified Canadian teachers,
- To have an LRSD homestay option, and be met and welcomed at the airport upon arrival,
- To obtain a certificate of completion,
- To receive a Manitoba high school credit in EAL (ESL).

Summer Program Daily Schedule

8:30 - 9:30	Classes start
9:30 - 9:45	Lesson
9:45 - 11:00	Break

Themes

The summer's International Student Program is a two to fourweek long course designed to offer international students the chance to experience Canadian culture.

Each week revolves around a theme:

Week 1 - Introduction to Canadian/Winnipeg Culture

Week 2 - Canadian History: People, Places, Animals

Week 3 - Sports, Health, and Nutrition

Week 4 - Environment Sustainability and Global Challenges.

Activities

Students will participate in a variety of academic activities and field trips. A sample of the course programming includes:

Identity flag: Students will create unique flags to represent their interests, ideas, and traits.

Currency unit: Students will learn about Canadian money and visit the Canadian Mint.

French community: We will take a walking trip through St. Boniface to visit its many attractions and discuss the importance of the French community to Canada and Winnipeg.

Canadian citizenship: An overview of some of the concepts of Canadian citizenship, including democratic values.

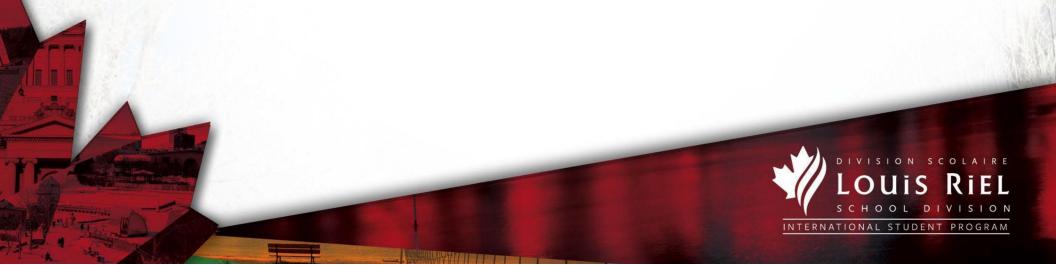

Activities

Global identity: What is Canada's role in relation to the larger world? How does globalization bring us together or keep us apart? How can we work together across borders?

Traditions: We will explore unique Canadian traditions and those of students and their families.

The digital world: Students will use technology at the school's computer lab to create digital media projects such as movies and/or podcasts.
